03	10	CEREALS	0.06
04	39	PLASTIC AND ARTICLES THEREOF	0.04
05	02	MEAT AND EDIBLE MEAT OFFAL	0.02

D. Potential Indian Exports in the future

Democratic Republic of Congo

S.No.	Commodity (HS Code)	Rationale
<u>1</u>	Cereals (10)	DRC imports around \$70-80 million worth wheat (all from Russia and Ukraine). However, a negligible amount is imported from India. Similarly for around \$90 million worth rice import of DRC (over 60% from Thailand), India's share is only around \$25 million.
<u>2.</u>	Sugar (17)	DRC imports around USD 25 million worth of Sugar. Majority of this is sourced from Brazil and hence India has an immense scope to boost its exports here. Mission has identified the major importing companies and has requested APEDA for a trade delegation.

		<p>Varun Beverages Ltd. (One of the biggest franchises of PepsiCo) had announced investment of USD 100 million in DRC and will soon set up manufacturing units of Pepsi products in Maluku SEZ. Mission has requested them to source their sugar requirements from India.</p>
<u>3.</u>	Pharmaceuticals (30)	<p>Although pharmaceutical exports have already reached around USD 164 million. There is still scope for improvement.</p> <p>Mission has been encouraging Indian Pharmaceuticals companies to invest in DRC to set up pharma manufacturing units for local consumption as well as export to nearby countries. In this regard, Ambassador met with the representatives of La Santé Pharmaceuticals (currently based in Gabon and imports APIs from India) to also set up manufacturing units in DRC.</p> <p>Recently, another Indian company Unique Pharma became one of the first few enterprises to sign a contract with DRC government to set up pharma manufacturing plant in Maluku SEZ. M/S Unique has also been requested to import most of its raw material from India.</p>
<u>4.</u>	Vehicles and parts (87)	<p>India dominates the two-wheeler market in DRC, with almost 50% of import share. However, there is still scope for Indian companies especially in large vehicles, trucks etc. TATA and Mahindra have already invested in DRC. Mission has requested major Indian companies to source their needs of commercial vehicles from Indian companies mentioned above. In terms of 4-wheelers, currently Toyota is the dominant company.</p>
<u>5.</u>	Defence exports	<p>India's defence export to DRC is nil at present. Given the fact that Eastern Congo is the most unstable region in central-west Africa and MONUSCO</p>

		<p>(UN Peace-keeping force) withdrawal is imminent, there is an immense scope for India to boost its defence exports to DRC.</p> <p>Military trucks and rifles may be the low-hanging fruits in this category. Ambassador and the political officer have met multiple authorities in DRC government, including Defence Minister, to discuss this.</p> <p>During the DefExpo 2022, the Defence Ministers of DR Congo and Central African Republic visited India and held bilateral meetings with Hon'ble Raksha Mantri of India.</p>
<p>6.</p>	<p>Machinery (84,85), Cement (25) and other construction material</p> <p>Upcoming projects in DR Congo funded</p>	<p>With respect to India's infrastructure projects in DRC, Mission has three major targets. The projects, besides generating immense goodwill among government and people alike, as they will provide electricity and jobs to locals, will also boost India's exports as 75% of the project value worth material are to be sourced from India.</p> <ol style="list-style-type: none"> 1. Relaunching the stalled Katende HEP project (LOC worth approx. \$250 million was signed in 2011). 2. Launch of Kinshasa Road Decongestion Project (\$300 million project to decongest capital under buyers' credit mechanism). The project currently pending approval of COD.

		3. Signing of LOC agreement worth around \$223 million for 6 solar power plants . Due to the efforts of Mission officials, DRC government sent a delegation consisting of Special advisor to the President to discuss signing of Exim Bank agreements in May 2022. Currently, the agreement is pending signature of Ministry of Finance of DR Congo.
7.	Food Processing and Agricultural Machinery	Under the National Program for development of 145 territories of DRC, the host government is keen to have investments in Food Processing and Agricultural machinery sectors. The Government is particularly keen to have Indian investors to visit DRC and see the massive opportunities in the country in these sectors.

(i) Gabon

The above-mentioned products also have the potential to be exported to Gabon. However, due to the low population of Gabon (around 2 million), the potential remains comparatively low.

(ii) Central African Republic

Export/ Investment potential is limited due to political instability, low population and poor infrastructure.

A. Potential Indian imports in the future

(i) Democratic Republic of Congo

DR Congo is among the most mineral rich countries in the world. It is also among the Least Developed Countries (LDCs). Being an LDC, the country is eligible for India's Duty-Free Tariff Preference Scheme (DFTPS), however, DRC is yet to send a Letter of Intent for the same, despite Mission's numerous efforts. This could help India in sourcing critical minerals such as Cobalt, Copper, and

3T (Tin, Tungsten, and Tantalum) from DRC, which are currently largely exported to China.

Mining Sector in DRC

DRC is among the most mineral rich countries in the world, with its estimated Mineral wealth estimated to be around \$24 trillion. It is the largest producer of cobalt (70% of global production) and is set to become the 2nd largest copper producer in the next 2-3 years, with annual production exceeding 2.5 MMT.

Besides these, DRC has several rare earth minerals in abundance such as 3T (Tun, Tantalum, Tungsten), nickel, lead, germanium etc. DRC is also rich in precious minerals such as gold and diamond, and also in hydrocarbons such as Oil and Natural Gas.

It is imperative that India enhances cooperation in the mining sector in DRC to secure supply of these minerals, which would be critical for future energy infrastructure, such as Electric batteries, vehicles etc.

In **June 2023**, a government delegation from India, along with Hindustan Copper Limited, participated in the DRC Mining Week Expo. & Conference, the biggest mining event in DRC. For the next year, we must look towards encouraging public and private sector firms to have their own stalls at the event.

(iii) Gabon

Gabon is one of the OPEC countries and could be a source for India's need for diversifying its energy demands. A consortium of Oil India and Indian Oil is already involved in exploration of oil in Gabon, however, so far oil hasn't been found.

F. Important Commercial News

DR Congo

1. According to various sources, the Congolese currency has depreciated by 15% against Dollar, in the Q1 of 2023. The reasons were Ukraine crisis, rise in inflation to 13%, over expenditure on remunerations etc.

2. On **April 06**, World bank announced grant of \$23 million for DRC, as part of the Trade Facilitation Project in the Great Lakes region. The objective is to facilitate cross-border trade by increasing trade capacity by creating 'one stop border posts' at targeted locations in border areas in eastern DRC.
3. The Council of Ministers adopted, on **April 16**, the draft decree to create General Inspectorate of Mines (IGM) for combating mining fraud and smuggling in all their forms. The new body would be given administrative and financial autonomy and would be under Ministry of Finance.
4. According to a study published by the Peruvian Ministry of Energy, DRC produced over 2 million tonnes of copper in 2022.
5. On **April 19**, the ban on Chinese CMOC group on copper-cobalt export from its TFM mine (one of the biggest mines in DRC) was lifted after the CMOC and Congolese Gécamines reached agreement on royalties payment. CMOC's TFM mine had been under export ban since July 2022, following the accusations by Gécamines on CMOC of understating its mineral reserves in order to pay less royalties.
6. On **April 19**, an IMF delegation visited Kinshasa as part of the assessment of the 4th review of the DRC Government's economic program. The delegation held meetings with several Ministers including Finance, Mines, Defence Ministers, Governor of Central Bank etc. The IMF expressed its willingness to support the modernization program of Congolese army

Gabon and CAR

No major commercial news of significance.

G. Trade Queries for Imports/Exports for the month of April 2023 (if not uploaded on the Indian Trade portal)

S.No	Name of Company	Product	Nature Import/Export	Action Taken	Date received & replied	Email
